

Encode Hack Pack

Tldr

- [Sign up](#) to discord, all messaging there
- Challenges to be announced by Tues 10th.
- All blog posts [here](#)
- How to code in blockchain [here](#)
- Events [here](#)
- You can start hacking from today! The latest you can join/start is 13th December 2020
- Submit by Sunday 17th January 2021.

Post Registration

- **Discord**
 - Please join the [Discord](#), where everything in the hackathon happens. There are channels per challenge, for technical questions and events.
- **Finding Teammates**
 - We will put you in touch with people:
 - via [Discord](#) messaging app
 - Via email
 - At the workshops [here](#)
- Picking a Challenge
 - You can either
 - Build anything (General Challenge)
 - Answer a partner challenge
 - More details will be released on **Tues 10th November**
 - Prizes:
 - There's £5k worth of top prizes available for everyone, regardless of the challenge.
 - There's individual prizes available per challenge.
 - Links
 - Overview to be released on Tuesday 10th November

Expectations

- Minimally, all you need to do is submit something by Sunday 17th January 2021
- You are not expected to work for 10 weeks, or start immediately. We give you lots of time so you can learn about the technology and work at your own pace.
- Ideally, you spend the first 5 weeks learning and the second 5 weeks hacking!

Events/support during the hackathon

- All events are recorded and put on our [youtube](#) and links will be put on here and [medium](#).

w/c	General	Tuesday	Weds	Thurs	Friday	1-1 Office hours (anytime)

- 1-1s
 - Anthony from our team will organise optional 1-1s every few weeks to discuss your project, progress and offer help. You can book one here - <https://calendly.com/anthony-1971/anthony-call>
- Discord
 - All messaging will happen on our Discord messaging server. [Make sure you join!](#)
- Technical questions
 - You can ask via discord or directly to the challenge partners via email (to be added)

Submission/judging

- You need to submit by 23.59pm in your timezone on Sunday 17th January.
 - You submit:
 - A form
 - A demo
 - A youtube video

- Source-code
- After that, we and the partners judge your submission.
- The top 10 will be told if they are in the final.
- Finalists will pitch at the Finale and Prizegiving
- All prizes will be revealed at the Finale and Prizegiving
